Summary of relevant case history inc. diagnostic results:

We process personal data which identifies you, including your name, address, and other contact details in order to handle your query, keep a record of our correspondence and to report any adverse events. This data may be shared within our company, with regulatory bodies such as the VMD, and with third party suppliers, who provide services to us relevant to this topic. We also may process your practice details if you are a vet. Product enquiry and adverse event records are retained for a minimum of 30 years. You have the right to a copy of the information we hold on you. For more information on your rights, please see our website [www.boehringer-ingelheim.co.uk](http://www.boehringer-ingelheim.co.uk). To contact our data protection officer, please write to us at DPO, Legal Department, Boehringer Ingelheim Animal Health UK Ltd, Ellesfield Avenue, Bracknell, Berkshire RG12 8YS.
